                                        <h1 id="logo"><a href="index.html">Zachary Milot: Portfolio
                                                <script type="text/javascript">document.write(new Date().getFullYear());</script>
```

I constructed a website out of HTML and CSS and hosted it on github.io. In this experience I learned the basic fundimentals of hweb hosting, analytics, and the proper constuction of HTML documents.

Technical competencies and academic skills demonstrated by completing this assignment.

Framework Standard	Description
2.D.01	**Demonstrate fundamentals of Hypertext Markup Language (HTML).**
2.D.02	**Demonstrate fundamentals of cascading style sheets (CSS).**
2.D.04	**Construct a website**
